NATIONAL BANKRUPTCY FILE

Universe: 26,117,931

BEBdata leads the market with over 40 years of in-depth experience and knowledge of Bankruptcy Data **compilation** and data. Bankruptcy is our **specialty** and we are **experts**. We have been compiling our database for over 15 years and our knowledge of the industry, coupled with our in-depth understanding of the data, ensures our clients' they are getting exactly what they want. Our commitment to ensure each transaction is unique and valuable for our clients' transfers directly to their goals and bottom line.

About our file:

Currently our database holds over 26 million records and offers a wide scope of relevant information such as:

- Case number
- Chapter
- Discharge or Dismissal
- Filing date or status

All of our data is standardized, CASS Certified, DPV coded and an NCOA (National Change of Address) is run as data is gathered prior to submission to our master database.

Flexibility:

We are a nimble company. Our size allows for quick response and affords us greater flexibility to create customized products specific to our client's needs.

Products
